The goal of the Feeder Program is to help young or inexperienced swimmers to gain confidence in the water while becoming acquainted with the most basic swimming skills. This is the place where the future of the Otter Creek Swim Team prepares for the day when they will practice with the team in the lap pool!

Check the Session/Time and the Segment/Date which you prefer. Class size is limited to four swimmers. If a class which you signed up for is full, or if the swimmers in a particular class vary too greatly in age or skill, then we will try to reassign swimmers to a class which is most suited to their needs. Last year's feeder program filled up quickly and completely! So sign up soon.
